UNICIRCUIT ENGINEERING SERVICES LLP

CORPORATE PORTFOLIO

THE ULTIMATE SMART TECHNOLOGY EXPERIENCE

INTRODUCTION

UNICIRCUIT

We employ a corps of expert engineers, system designers and certified technician installers who deliver to you personally responsive, creative designs, system integration and flawless control of your spaces.

ABOUT US

We special care and attention to details, when designing and creating your custom controlled spaces, is not an option: it is UNICIRCUIT's one and only mission.

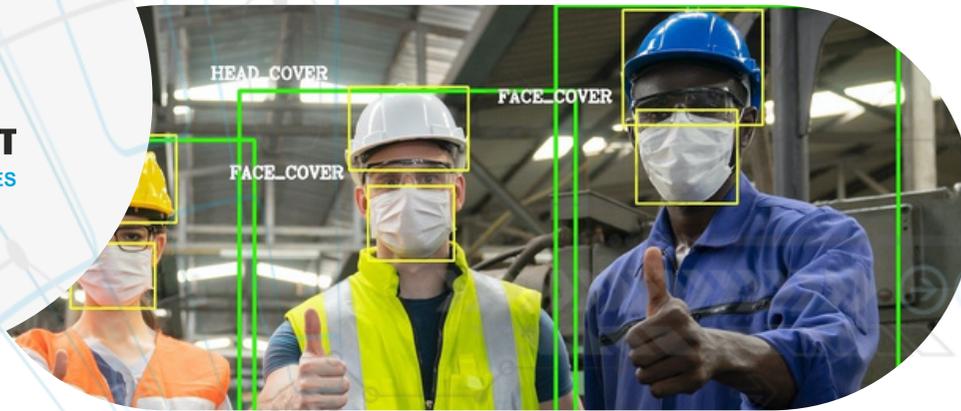

UNICIRCUIT does not engage in price war with its competitors which will ultimately affect the products quality and technical support. It has always been on the forefront in the mind of the founders at committing to provide excellent products and pre-sales consultation and very importantly after-sales support which many are lacking.

Our team of well-equipped specialists is ever-ready to assist you in getting the right products for your automation solutions & security needs.

OUR SERVICES

- AI Detection and Monitoring Solution
- Video Surveillance & Access Control
- Building Automation
- Security & Fire Alarm Solution
- Telecom & Video Conference Solution
- Smart Classroom & Display Solution
- Networking Solution
- Electrical Turnkey Solution

AI DETECTION AND MONITORING SOLUTION

Our aim is to use artificial intelligence (AI) solutions to assist commercial and industrial settings in monitoring their safety performance and asset response.

WHICH PROVIDES:

- **Personal Protective Equipment (PPE) detection**
- **Fire & Early smoke detection**
- **People Counting and Monitoring**
- **Mobile phone use at workplace detection**
- **Fall detection etc.**

The management team gets access to a "Safety Dashboard" with "Real-time Notification" (including via text) and "safety analysis".

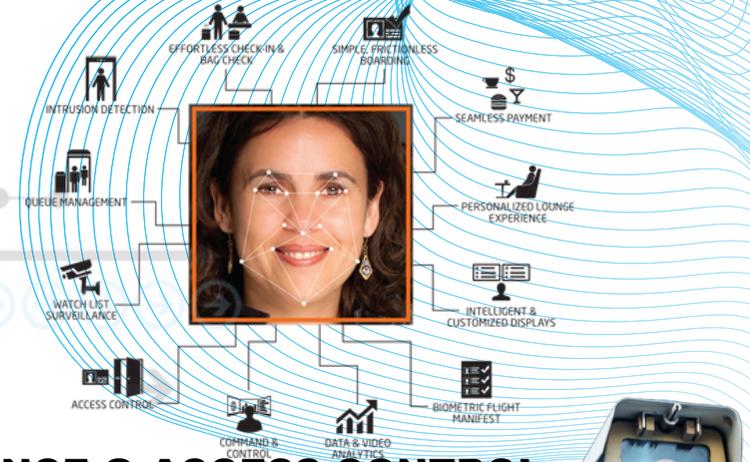

VIDEO SURVEILLANCE & ACCESS CONTROL

We offer a range of choices, from traditional analog CCTV systems to the latest **IP-based** digital solutions. We can provide everything from standalone cameras for a branch office to full CCTV coverage for **large building complexes** and **multiple properties**.

From entry-level smart card technologies to modern solutions like **Mobile Access**, our mission is to help your organization find the best Access control solution

WHICH PROVIDES:

- **Door Access Control**
- **Biometrics & Attendance**
- **Entrance Sliding Gate**
- **Security Barriers**
- **Tripod Turnstiles**
- **Facial Recognition-Temperature**

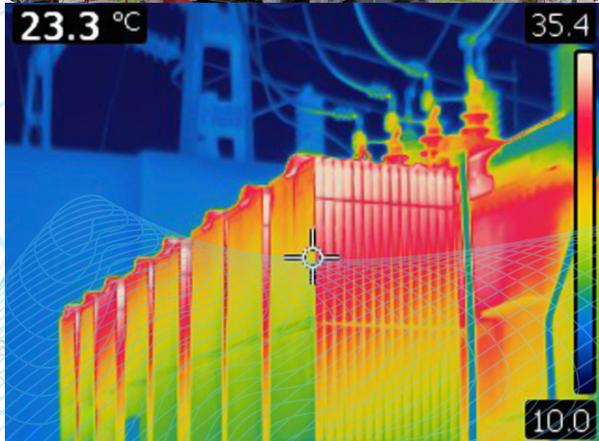

INNOVATING THERMAL MONITORING SOLUTIONS

Welcome to Unicircuit, where cutting-edge technology meets the demands of modern industries. Unicircuit is a leading provider of thermal monitoring solutions designed to enhance the efficiency, safety, and performance of industrial processes. Our comprehensive range of products ensures that your operations are optimized, minimizing downtime and maximizing productivity.

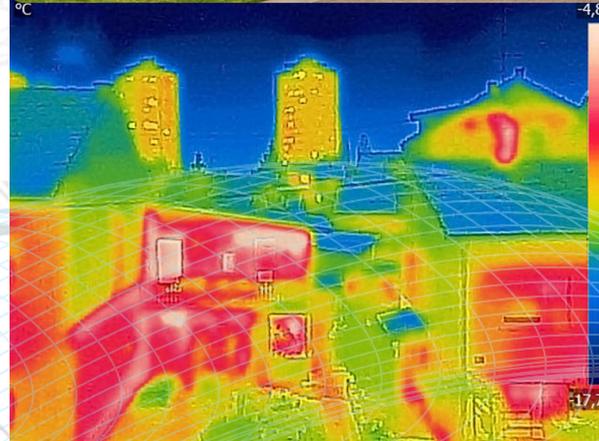

ELECTRICAL

Before a threat arises, temperature anomalies caused by oxidation, corrosion, or loosening can be found in electrical switches, contacts, and transformers.

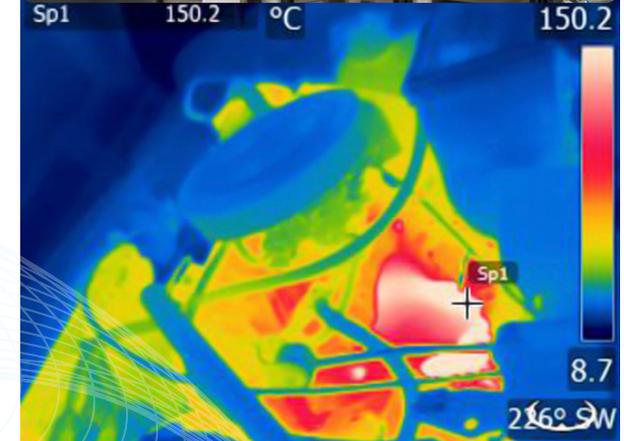

BUILDING

A thermography camera can intelligently reveal invisible design flaws, leaking pipes, and other related issues.

MANUFACTURING

Ensure the electronic components are arranged optimally and to monitor heat dispersion in a circuit, use a portable thermography camera.

Smart Building

BUILDING AUTOMATION

UNICIRCUIT IOT SMART BUILDING

We have variety solutions for all properties especially for bungalows and villas.

IoT Smart home is an automation system built on Internet-of-Things (IoT) technology like IR, WiFi, Zigbee, Z-Wave, etc. This kind of systems aim to provide convenience and enhanced security.

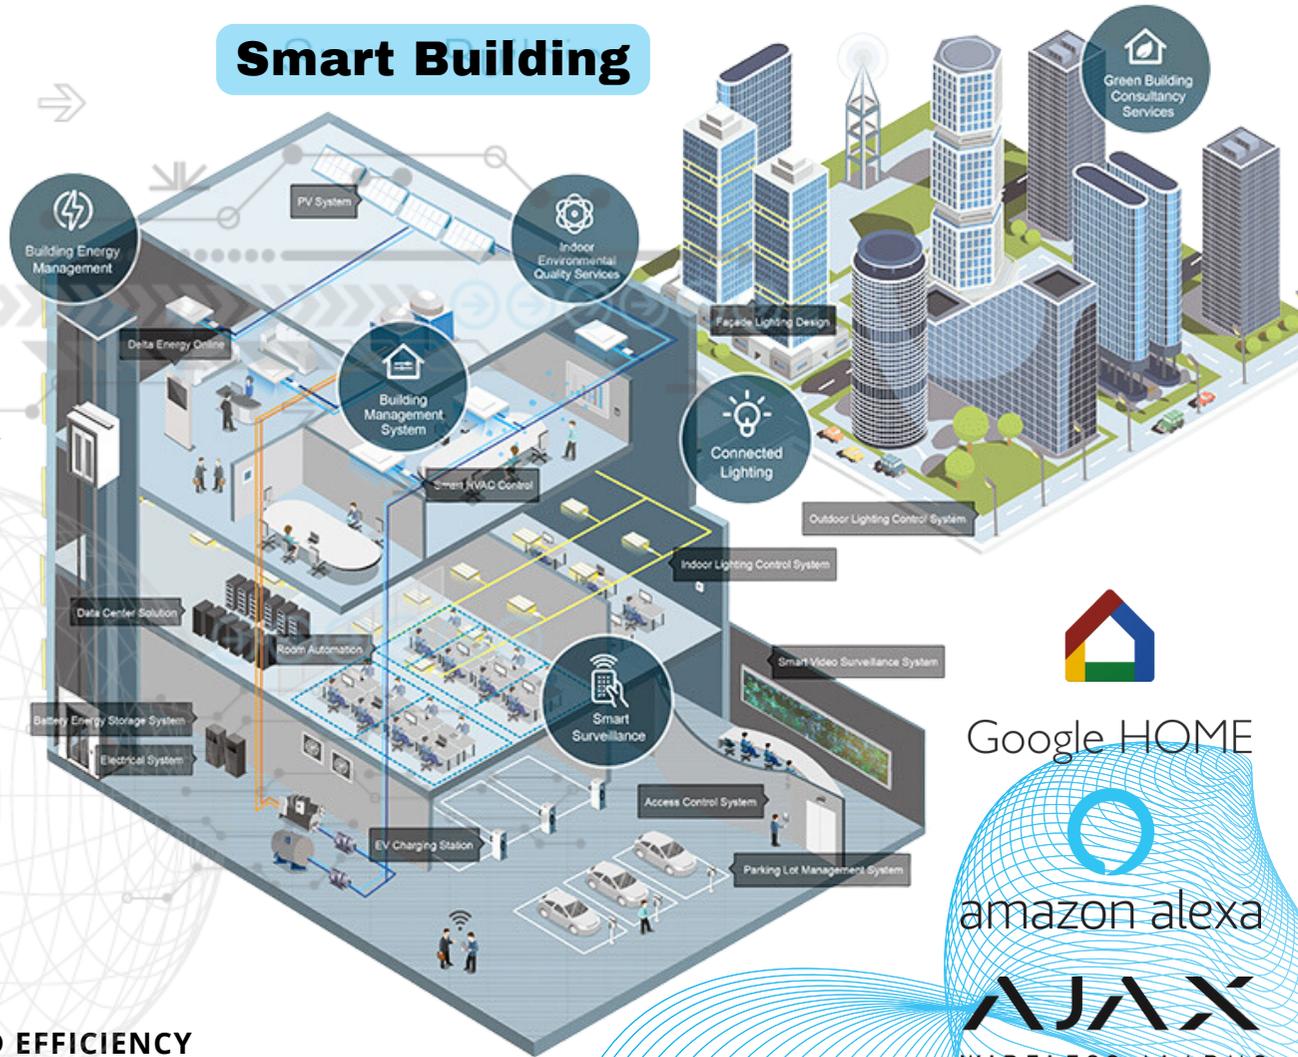

SCENARIOS FOR SMART BUILDING

- Burglar Security alarm
- Fire, Gas & Flood Monitoring
- Voice Control
- Video security
- Remote Access Mobile APP

SMART HOME FEATURES FOR COMFORT AND EFFICIENCY

Enjoy the benefits of an energy-efficient home with these smart features:

- Monitor lighting status and control it via an app from anywhere in the world.
- Receive notifications when the doorbell rings and communicate with guests via video intercom.
- Remotely unlock your digital door lock and turn on the air conditioner and TV, even when you're not home yet.
- Environmental sensors work in tandem with air conditioners, ventilation fans, and air filtration machines for optimal comfort.

Life Is On

SECURITY ALARM SYSTEM

Every organization need ongoing intrusion detection and security monitoring. UNICIRCUIT will create, provide, and install a customized integrated fire detection, access control, and video surveillance system to suit your requirements.

We'll provide you the most cost-effective, dependable, and cutting-edge security system available.

Commercial security offer many different features, such as:

- ✓ Touch Screen Keypads ✓ Cellular/Wireless ✓ Wireless Keyfobs
- ✓ Window Protection ✓ Door Sensors ✓ Mobile Apps ✓ Access Control Systems
- ✓ Video Doorbells ✓ Motion Sensors ✓ Fire Protection
- ✓ CO Protection ✓ Water Bug Sensors ✓ Temperature Sensors ✓ Door Locks
- ✓ Outdoor Protection ✓ Hi-Def Video w/ Night Vision

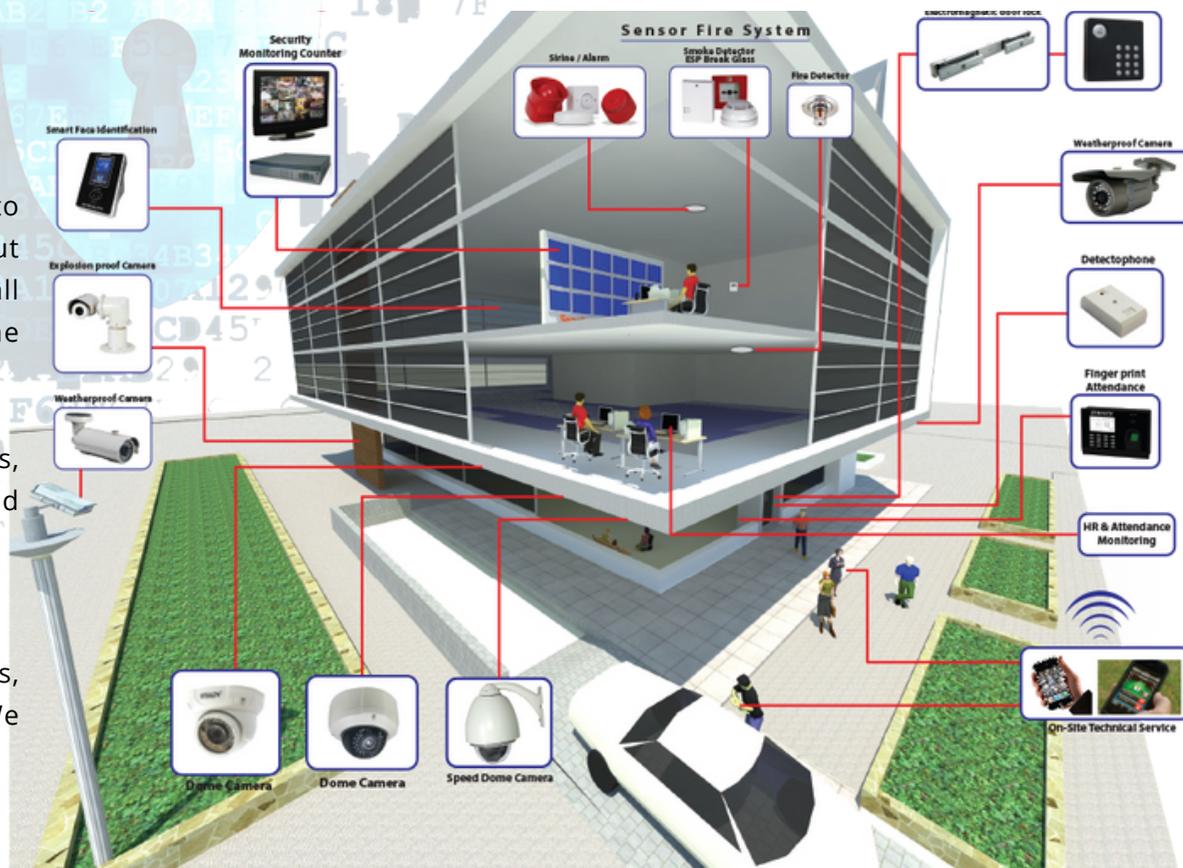

FIRE ALARM SYSTEM

Avoid taking the chance since a fire might cause you to suffer severe financial losses or perhaps be forced to shut down your firm. The experts at Security Alarm will install a business fire alarm system and keep it in prime functioning condition.

For fire alarm systems, we offer a variety of services, including as system design, regular maintenance, and reliable fire UL FM monitoring.

Trusted Brands We Work With

We offer products from various fire alarm manufacturers, including Honeywell, Bosch, Cooper, Agni and Morley. We can also service and install many other brands as well.
